Quality and Value in Medical Imaging

When you need imaging to confirm a diagnosis, you want an imaging provider you can trust. Center for Diagnostic Imaging offers you quality, convenience and exceptional patient experience.

- MRI, CT, spine and joint injections for pain management, PET/CT, ultrasound, X-ray and bone density testing
- On-site radiologists who specialize in neurological, musculoskeletal and body imaging
- Convenient appointment times, including nights and weekends
- Online access to images through our secure portal
- Results delivered to medical providers within 24 hours
- Experienced staff members who handle insurance authorizations

PRESIDENT’S LETTER

Giving Back to Our Community

It is with great pride that our organization presents some of our community’s finest physicians in the 2018 Physician Directory.

The title of the directory, Physician’s Caring for our Community, is a fitting acknowledgment of the mission at the very heart of our organization. The Orange County Medical Society was founded in 1908 to ensure the highest standard of medical care is available to our citizens. While the practice and delivery of medicine has changed significantly over the decades, our organization has stayed true to those origins.

Our society remains dedicated to giving back and fighting for access to the highest quality of care for our community. We continue to champion efforts to address public health issues including several recent initiatives focused on amoeba awareness, fighting the opioid epidemic, and stamping out human trafficking. Our partnership with Orange County Government delivers over $2 million in free care every year through Special-Care of Central Florida.

And in almost every committee, initiative, or gathering of local leadership to advance health care in the Orlando area, you will find one or more of our dedicated members representing the practice of medicine and the ideals of the OCMS.

It is that commitment to our community that makes me proud of my profession, thankful for my colleagues, and honored to serve as their President.

Sincerely,
Thomas Prince, MD
President, Orange County Medical Society

We introduce Michael R. Lowe as our newest addition and resource:

**Michael R. Lowe** is the author of “The LoweDown on Healthcare” section in the Orlando Medical News. He is board certified in healthcare law by the Florida Bar. He also leads the firm’s Health Law practice, which focuses on all aspects of business, corporate, transactional, litigation, regulatory, operational and administrative matters in the healthcare law arena.

**Forster Boughman Lefkowitz & Lowe** has a strong emphasis on the representation of physicians and physician group practices, and regularly represents clients in litigation, medical records and HIPAA privacy regulations issues, managed care contracting and reimbursement matters, the preparation, review and negotiation of physician employment agreements, Medicare/Medicaid fraud and abuse prevention, federal Stark Law matters and analysis, defense and reimbursement issues, ACA matters, medical staff privilege cases, professional licensure and disciplinary actions, voluntary self-disclosure cases, physician-hospital contracts, compliance plan development, and healthcare regulatory analysis and counseling matters. The firm’s practice areas also include the representation of hospital medical staffs, IPAs, ambulatory surgery centers, durable medical equipment providers, diagnostic imaging centers, hospitals, long-term care facilities and other healthcare professionals and providers.

3T High-Field Open-Bore Skyra MRI

Patient comfort combined with High Quality Imaging

_Cyrus Diagnostic Imaging_ has installed the only top-of-the-line Skyra 3T MRI system Lake Mary. With the new MRI system, we are able to offer state-of-the-art MR technology to enhance our patient care through better diagnostic imaging & patient comfort.

The new 70 cm wide bore MAGNETOM Skyra 3T MRI at Cyrus Diagnostic Imaging provides:

- More detailed images with greater resolution and excellent image quality
- Improved patient comfort
- Faster scanning time
- Allows advance MR imaging techniques which go beyond pure imaging
- Prostate Imaging
- Breast Imaging (18 channel)
- Advanced neuroimaging, muskoskeletal and cardiac imaging capabilities.

Obstetrics/Gynecology
Our board certified surgeons provide treatment for a wide array of ear, nose and throat concerns, ranging from allergies, sinusitis, ear disorders, hearing loss, dizziness, sleep apnea, skin cancer, facial plastic surgery & thyroid disorders. Each office is backed by a bilingual staff of medical professionals, including board certified audiologists who perform hearing and balance testing. Hearing-aid fitting and service is available.

Our physicians are available at both office locations daily. We see all patients, regardless of age, and will strive to see patients within 72 hours of referral. Emergencies are treated with the utmost urgency, typically the same day.

Please call either office to make an appointment.

Dear Colleagues and Patients in Seminole County,

I am delighted to present to you the Physicians Directory of the Seminole County Medical Society. This directory serves as a resource for individuals to find the best local doctors.

It is also a great resource for our community partners and local organizations. Nearly all specialties are represented in this Society and our members are proud to serve the health care needs of the patients in our county and the Orlando Metro area.

We encourage our colleagues, medical students, and fellow physicians to become involved in their County Medical Society, and consider joining forces with us to improve the practice of medicine locally.

Sincerely,

Fernando S. Alvarado, MD, MPH, FACP
President, Seminole County Medical Society

www.CancerCareCenter.md

Steven G. Lester, MD
Board Certified Radiation Oncologist
Dr. Lester, one of the co-partners of the Central Florida Cancer Care Center, received his medical degree from Louisiana State University. He then completed his residency, as chief resident, at Indiana University Hospital. Upon completing his Radiation Oncology training, Dr. Lester joined the Ochsner Clinic in New Orleans to serve as Acting Chairman of Radiation Oncology until 1988 when he brought his esteemed knowledge and caring practice to Central Florida.

Maneesh Gossain, MD
Board Certified Radiation Oncologist
Dr Gossain has an undergraduate degree in chemical engineering from the University of Michigan and a medical degree from Wayne State University. After completing his internship in internal medicine at Loyola, he completed his residency, as chief resident, in Radiation Oncology at the University of Minnesota in Minneapolis.

Richard J. Lee, MD
Board Certified Radiation Oncologist
Dr. Lee has an undergraduate degree in chemical engineering from the University of Michigan and his medical degree from Boston University. He completed his residency, as chief resident, at the Mayo Clinic in Jacksonville, Florida. In 2014, Dr. Lee joined the team at Central Florida Cancer Care Center where he is proud to serve Central Florida.

**HIPAA COMPLIANCE**

Collects patient information without allowing the public to see any private information.

**Reduction of Wait Times**

The response time is shortened.

**Accuracy**

Get legible names and accurate time stamps for every stage of the visit.

**Faster Service**

Faster Customer Service leads to more profit.

**Organization**

Automatically sorts and organizes patients into a check list style display on all your computers.

**Reporting**

Used to evaluate performance of departments, staff and office down to the hourly increment.
Our expertise includes:

- Colonoscopy • Bravo Placement • Bowel Control/Fecal Incontinence
- Endoscopic Ultrasound • Esophageal Motility Disorders • Manometric and pH Studies
- Non-surgical Hemorrhoid Treatment • Radiofrequency Ablation (for Patients with Barrett’s Esophagus)
